Regarding MB 18-184

My name is Damon Collins, and I am the Owner of WLYB FM in Livingston AL.

We fully support the FM Class C4/73.215 petition filed by SSR Communications, Inc. and urge the Commission to adopt the complete proposal.

WLYB FM is the only local radio station in Livingston, Alabama. The County population is spread thinly over a large area, and often our current signal limitation is unable to reach listeners who have come to depend on WLYB FM for information and emergency alerts. The approval of the C4 class will allow us to serve our entire listening area with a interference free signal. In most cases, we are the news and information source in an area where cell phone and internet service is not reliable or available. The community turns to us for vital information.

I ask that you consider full implementation of the MB 18-184 proceeding without delay.

Sincerely,

A handwritten signature in black ink, appearing to be "Damon Collins", is written over a horizontal line.

Damon Collins  
President  
Blackbelt Broadcasting Inc.  
96.3 WLYB FM
